WELCOME

Fundraisers operate in a world of urgent needs, changing public opinions, and evolutions in legislation and demographics. AFP Ottawa has the tools that you need to help your community find the joy in giving, to advance your charity's mission, and to propel your career.

With over 200 members, we represent a diverse cross section of professional fundraisers, organizations, and missions.

OUR GOAL = YOUR SUCCESS

Your experience and growth is the most important thing to us.

We have educational and networking opportunities, an annual Fundraising Day conference and Philanthropy Awards which both help with organizational and individual awareness and recognition.

A few years ago, a partnership with RBC allowed the creation of a mentorship program for our members. This has been successful for all involved!

With our thanks to the loved ones of Barbara McInnes, an Executive Mentorship program was recently founded as well. What a special legacy from a special lady.
